

## Community Nursing Classes Open to All

As part of its community nursing continuing education, St. Luke's is offering classes that are open to anyone, including those outside the medical field. These include topics like dealing with violence, spiritual care, grief, and overall promotion of good health. Some members of our Asbury Health Ministries will be attending, and you may want to join them! Classes will be held at St. Luke's Sacred Heart Campus. See details below:

St. Luke's Sacred Heart Campus will be offering "Foundations of Faith Community Nursing" classes. You only need to take one day at a time, if that works better for your schedule. Next year, Day I will contain the same topics as Day I this year and so on. Each day offers its own nursing continuing education credits for that day. Next year, Days I-V will be on Saturdays, one/month for 5 months. All are welcome. Days and times are as follows:
