

VALLEY HEALTH PARTNERS

Street Medicine List of Priority “In-Kind Donation” Needs

This list was created in September of 2022. Please contact michelle.ellison@valleyhealthpartners.org if you are seeking to donate in January 2023 or later to confirm this list is still up to date.

What is Street Medicine?

VHP Street Medicine was founded on the idea that everybody matters. The team continues to focus its efforts on the unsheltered, persons living outside, by doing outreach four out of five days of the work week. Furthermore, the team offers clinics on a scheduled rotation at eight designated community centers, soup kitchens and homeless shelters, as well as provides support to other Lehigh Valley shelters and recovery homes on an as-needed basis. VHP Street Medicine serves all patients regardless of their insurance status or ability to pay.
